

Restorative Practices

Life Space Crisis Intervention (LSCI)

Student Reflection: Elementary School

After watching the video about LSCI, think about your answers to the questions below and share your answers with your classroom community.

- 1. When you feel angry, how do you act? Do you yell? Do you get quiet? Do you prefer to be on your own? Or do you like to be with people? Describe one time when you were angry. How did you work through your anger?

- 2. Who is a teacher that you can talk to when you are having a bad day? What does that teacher do to help you to feel better?

- 3. What is a "timeline"? Where have you seen timelines before? What do timelines help us to understand? How can a timeline help us to understand a problem?

- 4. Consider the term "central issue." Break the term into two parts: "central" and "issue." What do each of the terms, central and issue, mean on their own? When you put the two words together to form "central issue," what does the whole term mean? Think about a time when you had an argument with a friend or a sibling. What was the central issue of that argument?

- 5. What do you need in your classroom to be able to learn? Do you need quiet? Do you need noise? Do you need to sit with friends? Or do you need to sit on your own? Explain your answers.
